14 Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ▶ **On June 3, 2014, the Pax World Global Women's Equality Fund ("Target") merged into the Pax Global Women's Index Fund ("Acquiring") in a tax free reorganization. The Target Fund's Individual Investor Shares and Institutional Shares were each reorganized in to an identical share class of the Acquiring Fund.**

See attachment for detailed breakout.

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ▶ **Shareholders of each class of the Pax World Global Women's Equality Fund exchanged these shares for each identical class of shares of the Pax Global Women's Index Fund as of the close of business on June 3, 2014. For each Individual Investor Share and Institutional Share, shareholders of the Target Fund received identical shares in the corresponding share class of the Acquiring Fund. The Target shareholders' total basis in the Acquiring shares received is the same as their total basis in the old Target shares. Per share, each new Acquiring share received in the reorganization will have a basis equal to 100% of the Target share surrendered.**

See attachment for conversion ratio by share class.

16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ▶ **The per share basis calculations are based on the respective net asset values of the Target shares, by class, as of the close of business on the merger date of June 3, 2014. These net asset values ("NAV") are determined based on the market value of the underlying securities held by the fund. The exchange ratio is 1.00 share of Acquiring share, by class, received for each 1.00 share of Target, by class, surrendered. See attachment for detail as of June 3, 2014.**

Part II Organizational Action (continued)

17 List the applicable Internal Revenue Code section(s) and subsection(s) upon which the tax treatment is based ▶ Both Target and Acquiring are Regulated Investment Companies. The transaction described herein is a tax free reorganization under Internal Revenue Code Sections 354 and 368(a)(1). No cash was received. As a consequence, the aggregate basis of Acquiring shares received by the Target shareholders equals the aggregate basis in the Target shares exchanged under Section 358(a)(1). The per share basis is the same as the Target Fund. Each of the Target Fund's class level NAVs became the Acquiring Fund's class level NAVs upon completion of the reorganization.

18 Can any resulting loss be recognized? ▶ No

19 Provide any other information necessary to implement the adjustment, such as the reportable tax year ▶
