## Q1 AUM update

Impax, the AIM listed specialist investor focused on a more sustainable economy, today provides an update on the development of its assets under discretionary and advisory management ("AUM") for the first quarter of its financial year.

On 31 December 2021, the Company's AUM reached £41.4 billion, representing an increase of 11.1% for the quarter.

### Ian Simm, Chief Executive, commented:

"Impax has delivered another quarter of strong growth, with AUM expanding by 11.1% over the quarter to exceed £40 billion for the first time. Post the COP26 climate conference, the direction of travel towards a low-carbon economy is much clearer. Identifying the corporate winners and losers will, however, continue to require expertise and investment discipline. Against this backdrop, we are confident that Impax's focus on investing in the opportunities arising from this transition will remain attractive to asset owners and their advisers."

The table below sets out further details of the movements in the Company's AUM for the quarter ended 31 December 2021.

### Notes to Editors - About Impax Asset Management

Founded in 1998, Impax is a specialist asset manager, with £41.4 billion as of 31 December 2021 in both listed and private markets strategies, investing in the opportunities arising from the transition to a more sustainable global economy.

Impax believes that capital markets will be shaped profoundly by global sustainability challenges, including climate change, pollution and essential investments in human capital, infrastructure and resource efficiency. These trends will drive growth for well-positioned companies and create risks for those unable or unwilling to adapt.

The company seeks to invest in higher quality companies with strong business models that demonstrate sound management of risk. Impax offers a well-rounded suite of investment solutions spanning multiple asset classes seeking superior risk-adjusted returns over the medium to long term.

Impax has ca. 220 staff across six offices in the United Kingdom, the United States, Ireland and Hong Kong, making it one of the investment management sector's largest investment teams dedicated to sustainable development.
